So help me God

Story of the Cross

Reflection

Solo: Take me in your arms

Songs for all to sing

Wrap me in your arms
Now that you're near
Shout to the Lord

Don't Go No Further
You need meat, go to the market
You need bread, go to the bakery
You need some lovin', don't look no further
Just bring it on home to me
I've got to love somebody
And you know somebody's got to love me
You need money, go to the bank
You need honey, look to the bee
You need some lovin', don't look no further
Just bring it on home to me
I've got to love somebody
And now now, somebody's got to love me
You need grits, go to the grocery
You need fish, look to the sea
You need some lovin', don't look no further
Just bring it on home to me
I've got to love somebody
And now now, somebody's got to love me
(I'm talkin' about close, not just almost)

So help me God

I am lost, I've been led astray
Once again I need your light and life to lead the way
I know I don't deserve it
But I promise it's the end
So if you rescue me just one more time
You'll never have to do it again
So help me God, help me God ...
It's the truth, I can't tell you a lie
You're the only one whose been there
Each and every time.
Now I guess it's my turn to prove myself to you
Go ahead, ask me anything at all
And that's what I am going to do
So help me God, help me God

Catch me when I fall
I don't need no consolation
Don't need no help at all
I don't need no consolation
Don't need no help at all
I just need you underneath me baby
I hear the thunder and the lightning
And the rain is pouring down
You can talk about me staying around
But you know I've got to go
Reach out your hand now baby
I don't need no consolation
Catch me when I fall
I'll be moving like a shadow, moving out your door
Reach out your hand now baby
Catch me when I fall
I don't need no consolation
Catch me when I fall
Reach out your hand now baby
Catch me when I fall

You've been so understanding and patient with me
It took me some time, but now I see
I am awake, now I have been found
You can count on me forever more,
I'm never going to let you down
So help me God, help me God ...
I won't let you down
So please, help me God ...

From the Bible

Who will rescue me? I had tried everything and nothing helped. I was at the end of my rope. The answer, thank God, is that Jesus acted to set things right in this life ... God's gift is real life, eternal life, delivered by Jesus, our Master. When Christ died he set me free to live a new life in the freedom of God.

[from Romans 6-7]

Take me in your arms

*words and music by Tommy Lepson
recorded by The Assassins*

Such good feelings come over me
Sun is shining everywhere I see
And the future's looking bright
Yes it's gonna be all right
I was blinded but now I can see
Since I met you, everything goes right
No more worries, Lord I've seen the light
No more troubles, no more fear,
There's a reason you are here
Take me in your arms again tonight
Take me from the life of loneliness
Take me to sweet love and tenderness
And wake me, before the morning light
Take me in your arms again tonight
Your sweet love and devotion
Has been my guiding light
Gives me the strength that I need
To help me make it through the night
And when my time is near
I pray the good Lord will see it clear
For you to take me in your arms just one more time
Take me from a life of loneliness
Take me to sweet love and tenderness
And wake me, before the morning light
Take me in your arms again tonight
